Accessories

B10S Shark Bench Adapter

Designed to accommodate the Shark Measuring System, the UnoLiner B10S Shark Bench Adapter has been outfitted with heightened chassis clamp arms. This way, a Shark Measuring beam fits between bench frame and vehicle. Also suitable for other measuring systems or for users who prefer the additional work height. Like the standard B10 Bench Adapter, the B10S comes equipped with the Quick Lock one-bolt locking system.

Features

- Extra height for Shark Measuring System
- Compatible with all UnoLiner chassis clamps
- Compatible with all UnoLiner benches
- Easy to use
- Quick Lock one-bolt locking system
