Accessories

D15T Two-Way Locking Chain Guide

The UnoLiner D15T Chain Guide has been developed for two-way locking straightening benches, such as the CRS4600T and CRS6000T. This handy chain holder slides into both the straightening benches' top and side profiles. Tighten its two bolts to secure it firmly onto the bench and attach a pulling chain to the integrated chain holder tool. Its special design with chain tension guide allows for pulling from many directions.

Features

- Chain holder for two-way locking benches
- Integrated chain tension guide
- Easy to fasten
- Rotatable
- 360° side and top anchoring

Technical data
