Roll-Over Benches

CRS5500-RO

The UnoLiner CRS5500-RO chassis straightening bench with its built-in double scissor lift offers a powerful lifting capacity of 5000 kg. This, coupled with its bench frame of 5.5 meters in length, makes the CRS5500-RO the ideal straightening bench for repairing cars of all sizes, commercial vehicles, pickup and utility trucks, MPVs, and heavy-duty all-terrain vehicles. RO stands for roll over, which means the drive-on ramps have been omitted, giving its user the option to secure this frame machine to the shop floor or install it in-ground.

Features

- In-ground placement possible
- Mechanical and hydraulic safety systems
- Interchangeable UnoLiner accessories
- 5 ton lifting capacity
- Great for large vehicles
